

## Homework Timetable - Year 2

Here is the homework schedule, **please only do as much as you feel your child can manage**. I appreciate that some weeks are busier than others so feel free to do more pages or less pages than are set. **I have split the pages up as a rough guide to try and help but they are not compulsory and I do not want children to worry about not completing everything**. I know some children have already started the books and that is also absolutely fine. Hopefully the books will help guide parents to see what the Year 2 expected standard looks like. Please complete the Reading Book and Grammar. Punctuation and Spelling Book activities in the work book and the Maths work in your child's homework book - the Maths work is an equal part discussion with an activity to complete at the end of each page.

**Please mark the homework together with your child as this will help to spot and clear up any misconceptions. Send homework books in each Monday and we will check over them, reward house points and send back out the same day as usual.** Thanks. Mr W.

Date Week beginning	Reading book	Spelling, Punctuation and Grammar book	Mathematics book
4 <sup>th</sup> February	Section One, pages 2 and 3 - Reading carefully Section One, pages 4 and 5 - Finding facts - information.	Section One -Types of words - Nouns. Page 1. Section One -Types of words - Verbs. Page 2.	Section One - Number and Place Value. Pages 1 - 4.
