

Shoes and Dressing

Because your child will be changing his/her shoes several times during the day, it would be very helpful if your child is able to change and fasten their shoes independently.

If your child will be wearing lace up shoes please practice fastening them over the summer. Good alternatives are shoes which fasten with Velcro or buckles.

Please could you provide a pair of wellies for children to change into which can stay at school. Children in EYFS free flow between indoors and outdoors and sometimes engage in messy play.

The same applies for dressing and undressing for PE. Please practice with your child so he/she can change his/her clothes independently.

Please ensure that all items of your child's clothing and shoes are named to avoid confusion.

A small drawstring bag which is named is the best way of storing your child's PE kit in school.

When children come to school, they have to learn to manage their own personal hygiene. Please can you ensure that your child can manage their own toileting as much as possible.
